COMEDY

ONLY GOOD THINGS

Beautiful things should be done first, and then thought about.

“Only Good Things” is the story of Benedetta, a popular sixteen-year-old girl, as she meets a bizarre foster home that’s just moved to her small town near Rimini. The noisy and eccentric foster home is composed by a father and a mother, an asylum seeker, a former prostitute with her young daughter, a very young prisoner, two guys with severe disabilities and one natural child. Benedetta, the local mayor’s daughter, will find her social role put to a test only to find out that she does not like it and that it makes her unhappy. While the entire town is passionately preparing for political elections, Benedetta falls in love with one of the guys in the foster home and discovers a world on the margins where everyone seems “wrong” or “bad”, revealing to be just human in the end. Between moments of humor and drama, dancing, laughter, tears, paper boats, local cuisine and evictions, everything culminates in a single difficult night where everything unravels and seems lost. However, despite individual choices, nothing will ever be the same again.
