

OPERA MUNDI

The film was inspired by the production of Rigoletto, starting from the hallways and the rooms of the theater, spilling out in the streets of the theater in front of those who either frequent it or ignore it, leading those who choose to follow on an emotional journey that speaks of a theater immersed in reality – a reality which only can be transmitted on stage

Produced by Avocado Pictures, ABC Arte Bologna Cultura, Icaro like-us, Oblivion Production, con il sostegno di Regione Emilia Romagna, Fondazione del Monte, Comune di Bologna, Fondazione Teatro Comunale Bologna
